

1st July 2019

Schneider Electric Australia
Price Change Notification Effective 2nd September 2019

Dear Valued Customer

We would like to notify you of a pricing adjustment effective Monday, 2nd September 2019. In recent months we have seen considerable Forex impact in several key commodity prices, a trend which is expected to continue through 2019. At every opportunity we've endeavoured to find cost savings to mitigate this, however, we've concluded a price adjustment is necessary to maintain our current levels of quality and service.

You will see varying level of adjustments across our range of offers, with the majority increasing by 4%. All orders delivered after the increase will be invoiced as per your new price files.

New price files will be made available to our direct accounts in early August to allow you time to upload to your systems ahead of the scheduled price adjustment, and to address any queries you may have in relation to the new price list.

For those customers who are already using My Schneider Electric (MySE), the new price information will be readily available to you in your online account once the scheduled price adjustment takes effect.

The new prices will also be available on our Clipsal iCat which continues to provide real time portable access to price and other information for products under both the Clipsal and Schneider brands.

Should you have any queries, please contact your Sales Representative or our Customer Service Centre on 1300 369 233.

We thank you for your continued support and ask that you communicate this notification as appropriate.

Yours Sincerely

Gareth O'Reilly
Zone President Pacific
