

To our valued Customers,

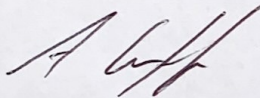

February 17, 2021

One of the outcomes of the turmoil of the last 12 months has been a circa 25% increase in global steel prices. Given steel is the major component of all Unistrut products, and we did not pass on an annual increase in 2020, we have no option but to increase pricing now.

Please accept this correspondence as notice of an increase of 15% across the entire Unistrut range of products, effective from April 5, 2021.

A copy of our updated Trade Price List accompanies this letter.

We thank you for your ongoing support and look forward to continuing to supply you with great products and exceptional service into the future.

Andrew Cropp

Managing Director – Asia Pacific
