

3rd September 2021

Schneider Electric Australia
Price Change Notification for Wholesalers Effective 4th October 2021

Dear Valued Customer,

Over the last 18 months Schneider Electric has implemented a number of activities and initiatives to offset increasing costs impacting our business. However, ongoing raw material cost increases and added complexities in freight are expected to continue, necessitating a price review to maintain our quality and service levels to you.

This pricing adjustment is effective **Monday 4th October 2021** and will be a **weighted average increase of 7%** across the Schneider Electric portfolio. As a result, you will see varying levels of adjustments across our range of offers. New price files will be available on the 3rd September. If required, please contact your Sales Representative accordingly.

For those customers who are already using MySchneider, the new price information will be readily available to you from your online account once the scheduled price adjustments take effect.

Should you have any queries, please contact your Sales Representative or our Customer Service Centre on 13 73 28.

We thank you for your continued support and ask that you communicate this notification as appropriate.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Gareth O'Reilly".
