Dear Customers,

We wish to thank you for your loyalty and commitment to quality products and services from Weidmüller.

Due to the influence of many external factors, including the cost of raw materials and transportation costs, we find it necessary to implement a general price increase of 6% on all products, **effective from 1 March 2022**.

Weidmüller is committed to providing the same high level of products and services to our customers. In order to continue this commitment, we are taking this initiative.

We thank you for your understanding and continued loyalty in advance. Should you have any questions, please contact us or any of our valued Distribution Partners using the contact information below.
