

25th July 2022

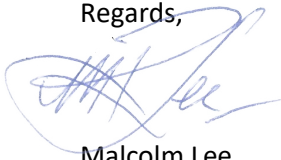

Dialight ILS Australia
Price change notification effective 1st September 2022

Dear Valued Customer,

Whilst we continue to mitigate the impacts of the past 2 years, due to the continued global challenges in supply chain, cost of raw materials and components we have incurred further increases across all areas of our product portfolio.

We have reviewed our current price list and adjusted all products effective 1st September 2022. Please refer to updated price file issued. Please do not hesitate to contact our sales team to discuss and work through pricing and to manage upcoming project opportunities.

Regards,

Malcolm Lee

Managing Director/VP of Operations Asia Pacific
Dialight ILS Australia Pty Ltd
