

12th July 2022

NOTIFICATION OF IMPENDING NEW PRICE LIST

Effective Thursday September 1st, 2022

Due to continued substantial increases in supplier costs, raw materials, increased wages, and significant increases in freight costs Matchmaster has been forced to release a new price list which will be effective Thursday 1st September 2022.

The exact percentage of the increase will be advised 30 days prior to the increase taking effect but Matchmaster does not envisage a substantial increase.

You will receive an electronic soft copy at least 30 days prior to the increase taking effect.

Matchmaster has not taken this decision lightly but is one that Matchmaster must implement to ensure we continue to provide for the best service, support, quality product choice and most importantly consistent fully trained representative staff throughout Australia.

We remain committed to you, our loyal customer, and the television reception industry. We will continue to provide for the best ongoing support via quality products, technical backup, representative support and same day pickup/next day delivery service from any local branches/agents located throughout Australia and New Zealand.

Should you have any queries, feel free to contact your local MATCHMASTER Representative on our Toll-Free Australia number 1800 AERIAL (237 425)

Yours Sincerely

Jim Caruso
