ENERGY STORAGE

 myenergi

When you need to quote and manage a solar job professionally, on time and within budget, ***you can trust Rexel.*** We have the expertise & quality brands at competitive prices at a branch near you.

OUR PRODUCT OFFER

- Solar Panels
- Solar Inverters
- Solar Mounting Systems
- Balance of System Products
- Battery Storage
- Electric Vehicle Chargers

OUR SERVICE OFFER

- Site inspection
- Solution recommendation
- Project finance sourcing
- Investment payback calculations

JA SOLAR

JinkO^{Solar}
Building Your Trust in Solar

FIMER

FOR INSTALLERS

- Quality brands
- Reliable availability of all products required to complete your energy project
- Access to knowledgeable staff and leads
- Competitive pricing
- Delivery at the right time and place
- Credit facilities
- Keep up to date with industry trends

FOR BUILDING OWNERS

- Quality brands
- Site inspections + recommendations
- Turn key solution proposal including investment payback calculation
- Reliable supply chain management
- Connections to our preferred installers
- Competitive finance options

Rexel's mission is to stay at the forefront of the energy solutions market by offering the latest technology to beat the rising cost of power. We have dedicated branches ready to offer a range of quality products and services designed to help reduce power costs for both residential and commercial applications. We can help broaden your business scope in this growing market with training and support as well as product and service information sessions and industry events.

**Rexel are proud
Master distributors
of the RedEarth
range of products**

RedEarth Energy Storage is an Australian-owned and operated manufacturer of energy storage systems

Based in Brisbane, they provide a range of solutions to help customers harness the power of the sun to meet their electricity needs all day and all night. It can even make you money.

Why choose RedEarth?

Flexibility

Our energy storage systems are scalable so you can be confident you're getting a solution that best suits your current needs. Simply add more batteries as your energy needs grow.

Monitoring and support

Our systems can be remotely monitored from your mobile device – all you need is an internet connection. RedEarth can also monitor the system remotely for you.

Low maintenance

We like to keep things simple, so our products are designed to be easy to install and set and forget.

Simple installation

With customers and end-users in mind our systems have been developed for quick and easy installation and minimal onsite time and cost.

High quality

All our products are designed, engineered, assembled, and tested at our factory in Brisbane. Our high-quality components are compliant to Australian Standards.

Warranty

RedEarth uses the highest quality components, and we stand by what we do. All our products have a comprehensive warranty of up to 10 years.

Australian-made, on-grid and off-grid energy storage systems

RedEarth Energy Storage products

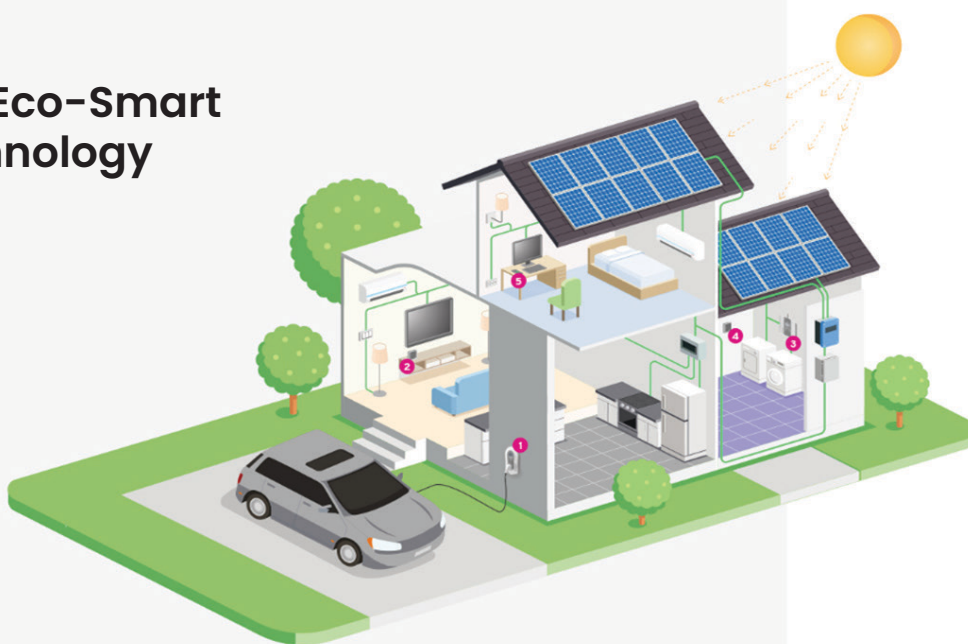

BlackMax	HoneyBadger	DropBear
SunRise Maxi	SunRise 3 Phase	Magpie
CopperHead	SunRise Mini	Troppo

Smart renewable energy products gives you the power back

Myenergi market-leading range of energy control products are made with compliance and cutting edge eco-technology. From invention, to design and manufacture offer the very best in technical support and aftercare.

Our Eco-Smart Technology

1 zappi

2 hub

3 eddi

4 harvi

5 app

zappi

Multi-award winning eco-smart solar EV charger. Charge your EV like any other.

hub

The hub and app work together remotely control and monitor your products from anywhere in the world!

eddi

Solar power diverter for free water and space heating using excess energy from your PV or wind turbine

harvi

Harvi enables the myenergi product family to be installed without using hardwired current transformer.

PHOTOVOLTAIC PANELS

PHOTOVOLTAIC PANELS (OR PV PANELS) ARE AN ARRANGEMENT OF SOLAR CELLS THAT ABSORB ENERGY FROM THE SUN TO GENERATE ELECTRICITY. POPULAR ON ROOFTOPS IN RESIDENTIAL OR COMMERCIAL SETTINGS, SOLAR PANELS ARE THE PERFECT CLEAN ENERGY SOLUTION FOR THE SUNNY CLIMATE WE ALL LOVE IN AUSTRALIA.

JA SOLAR WAS FOUNDED IN 2005. THEY DESIGN AND MANUFACTURE TIER 1 PV PRODUCTS THAT SELL TO OVER 100 COUNTRIES AND REGIONS.

SKU	PRODUCT CODE	DESCRIPTION	TYPE OF CELLS	NO OF CELLS

Service and Brands you can Trust

SOLAR INVERTERS

SOLAR INVERTERS CONVERT DC CURRENT FROM PHOTO VOLTAIC PANELS INTO AC CURRENT, THAT CAN THEN BE FED BACK INTO THE ELECTRICAL GRID. APART FROM PERFORMING THIS CRITICAL STEP, INVERTERS HAVE A NUMBER OF OTHER FUNCTIONS THAT CAN HELP TO MAXIMISE THE POWER OUTPUT OF YOUR SYSTEM. SOME EXAMPLES INCLUDE POWER MONITORING, WIRELESS CONNECTIVITY AND HYBRID TECHNOLOGY.

FIMER IS THE FOURTH LARGEST SOLAR INVERTER MANUFACTURER IN THE WORLD AND IS THE PROUD MANUFACTURER OF THE UNO RANGE OF INVERTERS AND REACT BATTERIES.

SKU	PRODUCT CODE	DESCRIPTION	INVERTER RATED OUTPUT	PHASE
