

8 December 2022

Dear Trade Partner,

Due to the continued increases in supply chain costs, it has become necessary for SAL to review our Trade Price List.

A price change will be effective **Wednesday 1st February 2023** and apply to all orders despatched after this date.

It is anticipated the change will be in the region of a **5% increase**.

Once finalised, a new electronic price file will be provided to you.

Thank you for your ongoing support of SAL.

My contact details listed below are available to you should you have any questions in the meantime.

Regards

John Attlesey
